

Product Change Notification

Change Notification #: 832675-00

Change Title: Select Intel® Server Chassis FC2000 and 2100W AC Common Redundant Power Supply Titanium efficiency AXX2100TCRPS, Product Material, Power Supply and Product Code Update

Date of Publication: September 10, 2024

Key Characteristics of the Change:

Product Material

Forecasted Key Milestones:

| | |
|---|------------------|
| Date Customer Must be Ready to Receive Post-Conversion Material* | October 10, 2024 |
|---|------------------|

* Intel appreciates the customer's desire to receive the latest revision of products. However, Intel manages inventory on a first in first out (FIFO) basis at the MM# level. Subsequently, customer requests for a specific revision of material (below the MM#) will not be supported by Intel.

Description of Change to the Customer:

The Intel SKUs listed in the products affected table will have the following changes:

- The new 2100W Common Redundant Power Supply Titanium efficiency FCXX2100TCRPS will be introduced.
- Product codes for the Intel® Server Chassis FC2000 with the new 2100W Power Supplies will be updated.

Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers. Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
