

# Product Change Notification

**Change Notification #:** 842315-02

**Change Title:** Select 4th Gen Intel® Xeon® Scalable Processors  
**Reason for Revision:** [Adding MM#99C2DC to this Product Change Notification](#)

**Change Detail:** Transitioning from Intel Architecture to Intel Embedded Architecture

**Date of Publication:** January 14, 2026

## Key Characteristics of the Change:

Product Support

## Forecasted Key Milestones: [\(does not apply to Intel Embedded Architecture customers\)](#)

Last Demand Due Date to Local Intel Representative Prior to Product Support Change	June 27, 2025
Last Order Date Prior to Product Support Change	September 26, 2025
Orders are Non-Cancelable and Non-Returnable After	September 26, 2025
Last Shipment Date Prior to Product Support Change	March 31, 2028

## Description of Change to the Customer:

### [Reason for Revision: Adding MM#99C2DC to this Product Change Notification](#)

No change for Intel Embedded Architecture customers. Intel support for the products listed in the "Products Affected/Intel Ordering Codes" table below is moving to Intel Embedded Architecture for the continued support of Intel Embedded Architecture customers. The Intel Embedded Architecture terms, conditions, and pricing will go into effect for all customers after the "Last Shipment Date Prior to Product Support Change" listed above. Please contact your Intel sales representative if you have any questions regarding this change.

**Intel Embedded Architecture Customer definition:** Customers who purchase Intel products under terms specifically tailored for networking, edge computing, industrial, storage, communications, and embedded applications. These purchases are governed by Intel Embedded Architecture agreements, which include distinct terms, conditions, and pricing.

## Customer Impact of Change and Recommended Action:

There is no expected impact to Intel Embedded Architecture customers. For Intel Architecture customers the products listed on the "Products Affected/Intel Ordering Codes" table should be managed in accordance to the "Key Milestones" listed above. Please make purchase decisions accordingly. The Key Forecasted Milestones do not apply if you have a superseding written agreement with Intel specifying other dates. "Product Discontinuance Demand to Local Intel Representative" is the date your remaining demand for an affected product is due to your Intel representative. The "Last Product Discontinuance Order Date" is the last date Intel will accept orders for an affected product under Intel's standard ordering and supply-allocation processes. "Orders are Non-Cancelable and Non-Returnable After" (NCNR) the last date on which you may cancel an order or return an affected product. Both new orders and existing, unfilled orders (i.e., your backlog) will become non-cancelable. All affected products, whenever ordered, will become non-returnable after the NCNR Date. "Last Product Discontinuance Shipment Date" is the last date Intel will ship an affected product under Intel's standard ordering and supply-allocation processes. Once product support is officially transferred to Intel Embedded Architecture, all discounts approved prior to "Last Shipment Date Prior to Product Support change" will no longer be honored. Please contact your local Intel Field Sales Representative if you have any further questions about this product change notice.

## Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	Spec Code	MM#
Intel® Xeon® Platinum 8470N Processor	PK8071305075201	S RM7M	99C2F6
Intel® Xeon® Gold 5415+ Processor	PK8071305118701	S RMGC	99C6L6
Intel® Xeon® Platinum 8470 Processor	PK8071305072401	S RM75	99C2DH
Intel® Xeon® Gold 6428N Processor	PK8071305121901	S RMGZ	99C6PG
Intel® Xeon® Gold 5420+ Processor	PK8071305120600	S RMGL	99C6M4
Intel® Xeon® Gold 6414U Processor	PK8071305072001	S RM73	99C2DC
Intel® Xeon® Gold 5418N Processor	PK8071305121701	S RMGX	99C6PA
Intel® Xeon® Gold 6438N Processor	PK8071305122101	S RMH1	99C6PJ

### Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at [www.intc.com](http://www.intc.com).

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
