Change Notification #: 851912-00

Change Title: Select Intel® Ethernet Network Adapter E810-CQDA2

Change Detail: Anti Counterfeit Label Removal

Date of Publication: April 10, 2025

Key Characteristics of the Change:

Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	May 05, 2025
---	--------------

Description of Change to the Customer:

The Intel® SKUs listed in the products affected table will be updated with the following change(s):

The following Anti Counterfeit Label (K41510-001) will be removed from the secondary side of these SKUs' boards:

Due to the board's design, which includes numerous components, lead protrusions, regulatory markings, and traces that cannot be covered, there is insufficient space for the label to remain securely attached to the product. Consequently, the label may become loose and, in some instances, detach from the board. As a result of these changes, the Printed Board Assembly (PBA) and Top Assembly (TA) numbers will be dash-rolled as indicated in the affected products table within this PCN notice. If the PBA/TA numbers are printed on any product or box labels, they will also reflect the PBA/TA number update.

Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers.

Customers can expect to receive mixed inventory until current inventory levels are depleted.

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.
