

Product Change Notification

Change Notification #: 860329-00

Change Title: Select Intel® RealSense™ ID Solution F450 and F455

Change Detail: Projector Removal

Date of Publication: July 14, 2025

Key Characteristics of the Change:

Product Material, Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	August 14, 2025
--	-----------------

(*) Cameras with this modification may arrive earlier or later depending on the inventory.

Description of Change to the Customer:

The Intel SKUs listed in the products affected table will have the following changes:

- The IR dot projector is removed from the product to improve production efficiency and latency.

Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers. Intel keeps improving the anti-spoofing and facial authentication algorithms. The true-acceptance rate is at 99.87% with <0.1% spoof-acceptance rate without using the projector (*).

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

(*) This also applies to cameras that have a projector, as it is not used by the improved algorithms.

Products Affected/Intel Ordering Codes:

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
