## Description of Change to the Customer:

The Intel® SKUs listed in the products affected table below will be updated with the following change(s):

1. Permanent change to update the South Korean recycling symbol on clamshell. This update applies to all products listed in the Products Affected/Intel Ordering Codes table. The new clamshell is as shown below

2. As communicated in PCN 874317-00 published February 13, 2026, Intel indicated that Top Assembly (TA) numbers would remain the same until a future rollout. This PCN represents that future rollout affecting 5 MMIDs listed in the Products Affected table.

3. As a result of these changes, the Top Assembly (TA) numbers will roll as noted in the affected products table within this PCN notice. If the TA numbers are printed on any product or box labels, those will show the TA dash roll as well.

**Customer Impact of Change and Recommended Action:**

Intel anticipates no impact to customers. Customers can expect to receive mixed inventory until current inventory levels are depleted.

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.
