

Product Change Notification

Change Notification #: 929795-00

Change Title: Intel® Wi-Fi 7 BE202, 2230, 2x2 BE+BT, No vPro

Change Detail: Regulatory Label Updates

Date of Publication: October 06, 2026

Key Characteristics of the Change:

Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	October 26, 2026
--	------------------

Description of Change to the Customer:

The Intel® Wi-Fi 7 BE202 SKU listed in the products affected table below will undergo the following changes:

1. Update Singapore IMDA's compliance marking on the Disti label.
2. Product TA# dash up.

BE202.NG.WG.NV Product Label (Before)

BE202.NG.WG.NV Product Label (After)

[illegible][illegible]

PCN #929795-00

Customer Impact of Change and Recommended Action:

The label change to the products do not affect functionality.

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	MM#	Pre Change TA	Post Change TA
Intel® Wi-Fi 7 BE202, 2230, 2x2 BE+BT, No vPro	BE202.NGWG.NV	99C9ZG	N29051-003	N29051-004

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
