Product Change Notification

Change Notification #: 932145-00
Change Title: Select Intel® Ethernet Network Adapters
Change Detail: South Korean Recycling Symbol Update
Date of Publication: November 06, 2026

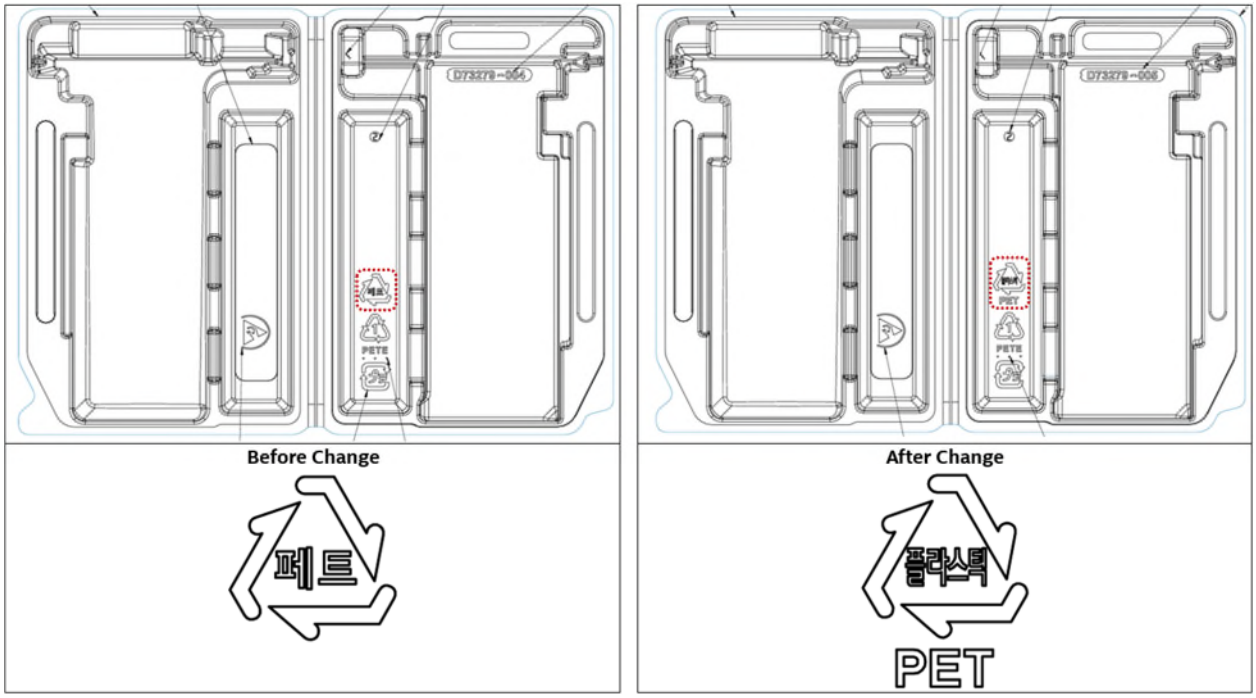

Key Characteristics of the Change:
Transport Media

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	January 04, 2027

Description of Change to the Customer:
The Intel® SKUs listed in the products affected table below will be updated with the following change:

- Permanent change to update the South Korean recycling symbol on clamshell. This update applies to all products listed in the Products Affected/Intel Ordering Codes table. Example of the updated clamshell is shown below.

As communicated in PCN 874317-00 published February 13, 2026, Intel indicated that Top Assembly (TA) numbers would remain the same until a future rollout. This PCN represents that future rollout affecting 23 MMIDs listed in the Products Affected table.

As a result of these changes, the Top Assembly (TA) numbers will roll as noted in the affected products table within this PCN notice. If the TA numbers are printed on any product or box labels, those will show the TA dash roll as well.

Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers.

Customers can expect to receive mixed inventory until current inventory levels are depleted.

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
